

Great Southern Regional Trails Master Plan (RTMP)

Governance Structure

A Project Management Executive Group (PMEG) will oversee project management, including financial management, and monitor implementation of the Regional Trails Master Plan project in accordance with the agreed timelines and respective phase deliverables. The PMEG members are also represented on the Stakeholder Reference Group (SRG).

The PMEG will provide strategic advice, direction and input in performing the following functions:

- Oversee the financial aspects and implementation of the project in accordance with the agreed timelines and respective phase deliverables.
- Assist in recruiting a suitable project coordinator and project consultant/s.
- Assist in developing a stakeholder and community engagement strategy.
