

# LEAF ART

What you need:

- A picture or drawing of a leaf
- A glue stick or PVA glue
- A pen to write your name

Head into the garden to find as many leaves, small sticks, grasses or other interesting objects as you can.

Once you have collected everything, glue onto your paper. Show us your finished art on Facebook, adding #kidsoutdoors

Parents: Additional learning outcomes

- Tally the leaves & make a bar chart.
- Identify plants in your area. Tip: Use Plantnet or Plantsnap mobile apps for help!
